---

### **17.52.130 Fences.**

- A. Fences up to seventy-two inches in height are permitted anywhere on the zone lot except within the front yard setback, in which case the maximum allowable height is forty-eight inches.
- B. Barbed wire fencing is not allowed to be used within any zone district within the Town, except that up to four strands may be allowed on the top of security fencing in Industrial Zoning Districts.
- C. Electrified fences are not allowed to be used within any Zoning District within the Town.

(Ord. 2012-18 §1)
